iAccessorize

The latest in iPod gadgets and clothing.

By MATT STROUD

Since iPod's aesthetic design is so clean (and popular), many companies have taken advantage of its cross-platform compatibility and transformed Apple's flagship into a consummate synergy device. *Everything* seems attuned to the iPod. And while it's always better to catch trends as they start, it's never too late to optimize style and convenience – especially if gadgets are involved. So check these out: From chic leather carrying cases to a room-filling speaker system, DJ mixing consoles, and shoes that sync workouts with workstations, iPod accessories continually develop in ingenuity, as well as recognition.
